Dear Rotarians and Guests,

Jetta and I send our warmest greeting to each of you attending this 2013-14 District Conference. We have enjoyed many district conferences during our time as Rotarians and we wish we could be with you for this conference, but that is just not possible. We are confident that you will enjoy a full program of Rotary information, fun and fellowship and hope you will find it inspirational and rewarding.

As you listen to the speakers, including my personal representative, and participate in the various events and activities planned for the conference, I ask you to think about the rewards and opportunities of being a Rotarian and being a part of the Family of Rotary. Sharing your enthusiasm for Rotary with others is the real key to growing and strengthening Rotary membership.

Rotary has been a well-kept secret for too long. It’s time for us to share the wonderful opportunities of Rotary with others. Tell a friend about your experience at this conference and about all that your club and district do throughout the year. Invite a friend to join you at a meeting or in a special event. What a wonderful way to Engage Rotary, Change Lives!

The more engaged we become, the greater the rewards we enjoy. What I have learned during my Rotary journey is that as I engage Rotary, the life that has changed the most has been mine. Jetta and I ask you to join us this year in sharing the good news of Rotary and actively engaging Rotary in every way possible.

Best wishes for a successful district conference.

Sincerely,

Ron D. Burton
President
Rotary International, 2013-2014
Welcome from DG Steve Lack

Welcome to the 2013 Rotary Adventure District Conference in the charming City of Chico! It has been more than a decade since we’ve held our annual conference here. In many ways this year’s conference feels like coming home again. Like a family reunion, this conference is designed to be relaxed and informal, with a focus on celebrating our successes and building relationships with each other, to strengthen our ties with the family of Rotary.

Our annual District Conference is a time to enjoy fun, fellowship, and ideas with fellow Rotarians. This year’s conference offers something for everyone, including hands-on projects, inspiring programs, live entertainment and plenty of time for the networking that is so critical to our success. After all, Rotary is all about building relationships among Rotarians and within our respective communities. This conference is a time to greet old friends and make new ones, as we celebrate the Rotary Adventure in Service and offer a variety of energizing programs that enhance your individual Rotary experience.

Our keynote speaker Saturday morning is renowned ethicist and author Michael Josephson of the Josephson Institute of Ethics (josephsoninstitute.org). The work of the Josephson Institute dovetails brilliantly with our District’s extensive youth programs, as well as Rotary International’s core values of integrity and high ethical and professional standards. I’m thrilled that Mr. Josephson also has a breakout session scheduled, in order to answer questions about the Institute’s programs, resources and online tools available to enrich our youth programs in the areas of ethics and character development.

This conference has been in the planning for two years and I want to give special thanks go to District Conference Planning Chairs Dean Labadie, Gary Vilhauer, and Ray Block, along with local area clubs and the many dedicated Rotarians and volunteers that have worked so hard to deliver an outstanding conference to District 5160 Rotarians and their families.

I’m delighted you’re here to share in this weekend’s Rotary Adventure. You’re encouraged to make the most of each moment in order to return to your club and community refreshed, energized and inspired to Engage Rotary—Change Lives.

Marilyn is dedicated to offering assistance by providing opportunity to the economically disadvantaged in collaboratively determining their own sustainable solutions to poverty. Currently, Marilyn is involved in micro-loan-plus projects in rural western Guatemala, working for the empowerment of impoverished families through community development. She is passionate about obtaining sustainable results by recognizing beneficiaries as major stakeholders and partners in the collaboration and integrative negotiation of all projects.

Michael Josephson
CHARACTER COUNTS!

Michael Josephson, a former lawyer, law professor, and successful entrepreneur, is one of the nation’s most respected and sought-after speakers, writers, and consultants in the field of ethics and character, with a special expertise in policing and police administration.

For 15 years, millions of listeners heard his award-winning CHARACTER COUNTS! radio commentaries on KNX-1070 in Southern California and other stations across the country and around the world on American Forces Network. Broadcast continually since 1996, his editorials have become one of the longest-running editorial features in radio history.

He is frequently interviewed and profiled by major media organizations including CNN, Nightline, Dateline, ABC World News, Good Morning America, Today, The Wall Street Journal, USA Today, Los Angeles Times, and Time. He has written seven books.

In 1987, after a distinguished 20-year career teaching law at the University of Michigan, Wayne State University, and Loyola University and as the CEO of a prominent legal education company, Mr. Josephson resigned his professorship and sold his business to found the Joseph & Edna Josephson Institute of Ethics, a nonprofit organization named in honor of his parents. Mr. Josephson serves as the Institute’s president without salary. All proceeds from his presentations and consultations go directly to the Institute.

In 1993, Mr. Josephson founded the CHARACTER COUNTS! movement based on universal ethical values called the Six Pillars of Character (trustworthiness, respect, responsibility, fairness, caring, and citizenship). Nearly 1,000 organizations, including many Police Activity League (PAL) chapters, deliver CHARACTER COUNTS! strategies to more than 7 million young people and their families. Every year since 1993, the U.S. Senate and President have declared the third week in October National CHARACTER COUNTS! Week.

In 1996, the Josephson Institute launched the Pursuing Victory With Honor sportsmanship campaign to encourage coaches and sports administrators to enhance character-building and sportsmanship in amateur athletics. In 2008, the U.S. Olympic Committee commissioned Mr. Josephson to train all U.S. athletes prior to the Beijing Olympic Games to “Make U.S. Proud.”

Websites, the Web, and Social Media

Allen Kwan  Diablo View Rotary Club
Online social networking and websites are something that all clubs struggle with. Your club meets once a week, but your website is available 24 hours a day / 7 days a week. What does your website say to visitors? How do you balance content for members with content for potential members? You won't learn how to build a website, but you will learn how to develop a strategy and tie together your club’s website, Facebook, Twitter, and newsletter into a tidy package. Your online presence should complement your weekly programs, promote future events, and showcase your club’s service projects.

Rotary Youth Exchange
Rotary Youth Exchange is the opportunity of a lifetime for the more than 8,000 students between the ages of 15-18 who participate each year. By sharing your own culture and embracing a new one, it is one of the most powerful ways to promote global understanding and world peace. Students spend anywhere from a few weeks to a full year as an international student hosted by local Rotary clubs. It is not just the student who benefits, but the host Rotary club, families, and the community.

Rotary Club of Lamorinda Sunrise—The Rob Roy Canoe Project
An exciting fundraiser for both our club and District 5160! We’ve made an exact replica of a sailing canoe that was sailed around Europe by the grandson of Rob Roy, named John MacGregor. Hand built by our club with over 1200 man hours using an African hardwood Supele and American Ash. Complete with trailer, we’ll be pulling the winning ticket in November, no need to be present to win. $20 per ticket, 6 tickets for $100. Twenty percent of all ticket sales during the District Conference will go directly to the District!

Rotary License Plate Project
We all benefit from community service. You can help make a difference in your own community. Purchase a specialized California Rotary License Plate (“RLP”) and, after DMV costs, proceeds go to support California’s Rotary community service programs.

Rotary Club of El Sobrante—Changing Lives
Visit the Rotary Club of El Sobrante booth to view the evolution of five projects: a water project in the final stages of planning; two literacy projects, one international and one local; a dental education project mid-way through its term that has already had an impact around the world; and an LN-4 project entering its fourth year fitting hands on individuals who are missing a hand.

Paradise Rotary Club—Selling Coffee for a Cause

The Rotary Club of Paradise is one of more than 300 clubs in the United States that are selling organic coffee to promote water projects throughout Africa, Central and South America, and Indonesia. The project, Five for Water, was started by Bill Prost, a member of the Rotary Club of Cape Girardeau, Missouri, and finances a Rotary Foundation donor advised fund for water projects in coffee producing countries. Stop by the booth to learn more, and to learn about other projects of the Rotary Club of Paradise.

Disaster Aid USA—Global Emergency Relief

Disaster Aid USA now offers the opportunity to help rebuild shattered lives through the provision of vital emergency shelter and survival systems to family units.

DA USA is a Rotarian Operated Project. We provide shelter, clean water, everyday supplies, and 4 room schools to survivors of disasters. We vow to be transparent and welcome inquiries about how we use donations. We are partnered with Disaster Aid Australia, and Disaster Aid UK and Ireland.

Our boxes are blue and yellow to better reflect our Rotary roots and connections, and are equipped with wheels and handles for easier movement; they are sturdy and not susceptible to breakage.

Kibera Slum—A Small Exhibit

Many say it’s the largest and poorest urban slum in Africa. Commerce is active. Markets are lively. People are enterprising. Families are resourceful. Children are friendly. Schools are cherished. Infrastructure is minimal. Dwellings are miniscule, usually about 12 feet x 12 feet with a scrap metal walls, a mud floor, and a tin roof.

Aren’t you curious? Stop by the exhibit created by Rotarians Jim Green, Laura Day, and Sheila Hurst. Ask how Kenya Smiles is improving the health of children in Kibera and other slums in Nairobi.

Kenya Smiles—Improving the oral health of children in Kenya

Kenya Smiles is a project of all 71 Clubs of District 5160, Clubs in District 9212 in Kenya, and District 6150 in Arkansas. It focuses on building awareness, providing information, and promoting education about oral health and dental care. The goal is healthier children now and in the future.

Aren’t you wondering how Rotarians could share the message that good nutrition and oral hygiene can prevent tooth decay, mouth pain, and malnutrition? Who were the members of the two Vocational Training Teams, and what did they accomplish? Who are the partners, and how are they involved? Have there been any successes yet? How will Kenya Smiles be used in our own District? How is this sustainable? What’s next?

Stop by the Kenya Smiles exhibit to ask these and more questions, and sign up to request a program for your club.
